

Design Guide

Silk Screen

Acceptable Formats: EPS, PDF, AI

Requirements:

Must be solid spot colors. No gradient colors.

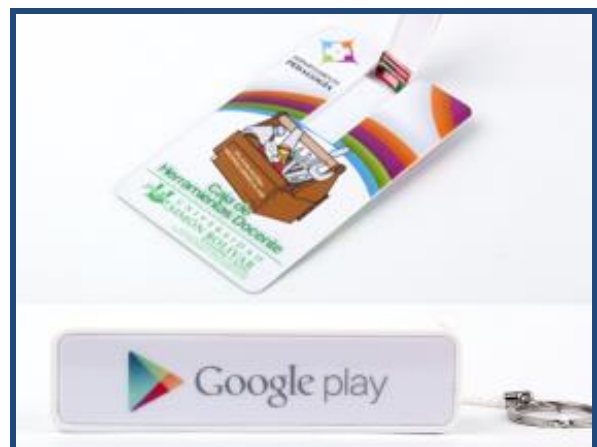

Full/Four Color Process (FCP)

Acceptable Formats: EPS, PDF, AI, JPG (high resolution required)

Requirements:

JPG is accepted. 300dpi or higher, actual imprint size or larger preferred. FCP on black item does not always show the original color(s).

Design Guide

Laser Engraving

Acceptable Formats: EPS, PDF, AI

Requirements:

Creates a silver metallic effect on metal surface, or black etching effect on wood surface. Logo lasts longer compared to any other imprint methods (won't be scratched easily).

Pad Print

Acceptable Formats: EPS, PDF, AI

Requirements:

Used for uneven/curved surface. Must be solid spot colors. No gradient colors.

Design Guide

Deboss

Acceptable Formats: EPS, PDF, AI

Requirements:

Logo should be larger and clearer than any other imprint method. Simple logos preferred. Non-serif text preferred.

Epoxy Dome

Acceptable Formats: EPS, PDF, AI

Requirements:

Epoxy dome provides extra protection to FCP. Available for limited flash drive/power bank models.
